# Lavender Funds

With a Big C Lavender Memory Fund you can change the lives of those affected by cancer in Norfolk & Waveney.

**Norfolk's  
Cancer Charity**  
Since 1980

## A Lavender Fund allows you to do something positive in the name of the person you have lost, by contributing to the work of Big C.

All money raised goes towards care and support at the Big C Centres, world class research, funding cancer equipment in your local hospitals, and palliative and health education work. And now it is easier than ever to start a Lavender Fund to share with friends and family, whether they live next door or overseas.

**“Having a Lavender Fund is a lovely way to enable family and friends to continue remembering a much loved mum and help funds for such a good cause.”**

Lynn - Big C Supporter

## How is a Lavender Fund set up?

When we receive a donation gift in someone's memory, we can set up and administer a Lavender Fund. Simply complete the form on the back of this leaflet, or on our website or call **01603 619900**.

**Each fund is individually named after your friend or loved one and allows friends, family and colleagues to raise money to help Big C.**

Once we have processed your Lavender fund set-up form, you will receive an email link to your online page, which you can edit to include your personal story, and share with those who wish to make donations in the future.

Please note, messages left will be seen by anyone accessing your Lavender Fund page:

## How do we help our Lavender Fund grow?

Anyone can contribute to a Lavender Fund in whichever way they choose. You can make a single donation or a regular donation as a 'Friend of Big C' via a standing order. Some people bake and sell cakes, some run marathons or host events and some make a donation on a significant day, like a birthday or anniversary.

**Whatever way you decide, you can rest assured that every penny donated is going to help those, and their families, affected by cancer in Norfolk & Waveney.**

**“When Lyn was diagnosed, she received a great deal of help and support from Big C. She placed particular value on the Centre at the Norfolk & Norwich Hospital which we visited whenever she had an appointment with her consultant. She used to say that it was somewhere she could go where she felt "normal".**

**She was initially involved in fundraising for the charity and so setting up a Lavender Fund in her name seemed an ideal way to create a lasting memorial to her, when the time came.**

**Big C is a charity well worth supporting anyway, but having something personal to contribute to certainly adds incentive to your fundraising efforts. Many friends have become involved in various ways and have said that they feel they are doing something "for Lyn"!**

**I know she would be pleased that her name is being used as a catalyst for fundraising work, but she would be even more pleased to know that the charity is benefiting in a practical way, through monies raised.”**
